

# Gerber Collision & Glass Acquires Two Collision Locations in Alabama

**Chicago, Illinois – August 20, 2019** – The Boyd Group Inc. (the “Boyd Group”) today announced the acquisition of two collision repair centers in Alabama. These locations previously operated as Auto Collision Experts, originating with the Moody location in 2013. The Anniston location was added in 2018.

Moody is one of the fastest growing cities in Alabama and is located 22 miles east of Birmingham and 9 miles east of Gerber’s recently opened Trussville (Alabama) location. Anniston is located approximately 65 miles east of Birmingham and is home to the Anniston Army Depot, a major United States military facility that produces and repairs ground combat vehicles.

“We look forward to providing the same high-quality service that these customers and insurance partners have come to expect in this region,” said Tim O’Day, President and COO of the Boyd Group. “These acquisitions reinforce our brand in this area and the Anniston location helps fill a gap between our repair centers in Birmingham and Atlanta.”

The Boyd Group is continuously looking to add new collision repair locations to its existing network in Canada and the U.S. Interested collision repair center owners are asked to contact Stephen Boyd at the coordinates below for more information.
