### **Boyd Group Services Inc. Notes Impact of Hurricane Ian**

*- Announced Temporary Closure of Florida and South Carolina Collision Repair Centers –*

**Winnipeg, Manitoba – September 30, 2022** – Boyd Group Services Inc. (TSX: BYD.TO) (“the Boyd Group”, “Boyd” or “the Company”) announced that approximately 50 of its Gerber Collision & Glass (“Gerber”) locations in the states of Florida and South Carolina have been closed to allow employees to focus on the impact of Hurricane Ian.

“The decision to close these locations was made to allow our employees and customers to focus on ensuring that they and their families are safe,” said Timothy O’Day, President & Chief Executive Officer of the Boyd Group. “We will support our local teams in evaluating the damage and resuming operations as soon as practicable. Our priority, however, will continue to be the well-being of our employees.”

In addition to the closures in Florida and South Carolina thus far, it is also possible that additional closures may be necessary. The Glass America business is also expected to be impacted by Hurricane Ian.

The location closings will result in loss of sales during the period of closure, however the overall magnitude of sales and earnings loss will not be determinable until the storm passes, the locations reopen and all of the variables associated with this event, including the availability of insurance can be fully assessed. An estimate of the full impact of these closures should be available for disclosure when the Boyd Group’s third quarter earnings report is released on November 9.

“Our thoughts are with those affected by this devastating event,” added Mr. O’Day. “We will continue to monitor the direct impact of the storm on our locations and provide support as needed for our employees and customers.”

#### **About Boyd Group Services Inc.**

Boyd Group Services Inc. is a Canadian corporation and controls The Boyd Group Inc. and its subsidiaries. Boyd Group Services Inc. shares trade on the Toronto Stock Exchange (TSX) under the symbol BYD.TO.
